Repertoire:

NETTLETON: TREAD arranged VIVISON

MUSIC FOR WICKES: SCHWARTZ arranged SWEENEY

Feedback:

Nice rounded band sound/tone with good attention to dynamics. Take care of articulation this isn't always secure, especially in the quieter dynamics which need more air and need to be fully blown. Good flute section sound and articulation, especially in the lower to mid registers. Good balance here though the harmonic progression. Expressive and assured.

Taken ^{care} of the balance, the saxophone sometimes dominate too much. Nice punchy trombone and tuba. Well balanced percussion section, not overpowering the ensemble. A strong

Suggestions for development:

sense of rhythm throughout. Strong and detailed dynamics.

It would have been nice to hear some announcements.
