WHEN THE SAINTS GO MARCHING IN

Feedback: Nice introduction, thank you.

① Pure sound from the girls at the opening, sets up the tone of the piece really well.

Well sustained long notes, you held

Good unison balance between girls and boys. Be careful not to rush the ♩ in the d. at rhythms. Place it a bit more.

Gents bring out your ascending line at bar 32. Moving parts are interesting.

② Good contrast to first piece. ff opening. Give it some more beans! Excellent pitching here though.

I would like to hear much more bounce and clearer constants from all of you.

Good ♩ at [E] from gents.

Alto's could do with more at [G], don't be afraid of it.

I enjoyed your change at [H] and good dynamics built and released to [I]

Suggestions for development:

Try and get some more performance opportunities.

Try and get your heads up and perform out to us.

Really over emphasise your consonants, it will give your performance much more energy. Really go

for your ff's, don't run away from them.
